Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English. Brand new Book. This book on "fart" is meant to be both fun and educational at the same time. It will explore in depth about why flatulence occurs and what exactly happens in our body to cause gas. Children will also learn about why farts create different sounds and smells. There are very good reasons for why farts smell and sound the way they do, so it is important to learn these reasons. Not only will this help them manage their own farts better, but can help educate others as well. It may seem like an uncomfortable topic to talk about with their friends and family, but it doesn't have to be. Flatulence is a biological function that could even be caused by diseases or cancers in the body. Although these are rare causes of flatulence, it is important that we understand it completely so that we can judge for ourselves if our excessive fart problem is something serious. This book will help children and adults alike and hence appreciate farts for what they are without always thinking bad about them. Topics covered in this book Introduction What is fart and flatulence The digestive system and flatulence Why do we fart - causes of flatulence Chemical composition of fart Why does fart smell so bad What causes farting sound Is smelling fart is good for you How to reduce flatulence Conclusion Further reading and credits.
